EDITO

Once again June is very busy for economic cooperation in the Mediterranean region and for ANIMA as well. We have progressed during our MedGeneration seminar in Aqaba organised on 2 and 3 June 2015, toward a roadmap for Diaspora investment (see conclusions below). We will unveil our project of an EDILE label for socially responsible investment on 12 June 2015. On this occasion, the Tunisian Minister of Investment and numerous investors participating in the Tunisia Investment Forum will discuss the new partnership to be created between Tunisia and the investors. With EDILE, ANIMA hopes to bring a valuable contribution, it is also the objective of our participation in the MEDCOP21 in Marseille which prepares the Paris Climate Summit. While the European Commission is consulting to revise the neighborhood policy, our network will be in Brussels on 16 and 17 June 2015 to dialogue with the European institutions on SME and investment issues. In parallel, the EUROMED Invest project is proposing three business events (agrofood, logistics, tourism). If interested stay tuned to our web sites.

Kind regards,
Emmanuel Noutary, General Delegate
